ABOUT ME

I was born and raised in Brooklyn, NY. I moved to Israel in 2011 and have been here since. fI began as a student studying in yeshiva, then as a teacher in yeshiva, and now part of the workforce. In the summer of 2024, I began a course to become a full-stack web developer which I hope to make into a long-term career. I enjoy problem-solving, learning new information and skills, and expressing my creativity.
